Toy Talks

Experts Speak on the Present and Future of Toys and Play

Speaker Profile

Mr Gary Man
Director & Chief Designer of Bumblebee Studio

Bio
Gary is a prolific toy designer and creator, also known as Global Toy Designer in the industry. Born in United Kingdom, educated in Hong Kong, Gary has intensive understanding of both Eastern & Western culture. Gary has been engaged in toy design for over two decades, Gary's clientele includes a diverse of organizations throughout the United States, China, Europe, Australia, Southeast Asia, the Middle East & Latin America.

He has been selected as the preferred designer by Global Toy News. Gary has extensive experiences in most toy & children products, novelties, as well as hobby related products. His well-known design series includes:

1, Electronic cash register toy for Walmart, with record breaking sales
2, Gazillion Bubbles for Funrise
3, Lego Sort & Store
4, Squinkies for Blip toys
5, BulbBotz for Click Time
6, Virtual shooters & smart plush for Apptoys
7, Disney Princess Palace Pets for Blip (now acquired by Jakks)

Gary has a number of international toy design awards, he commutes between the past, the present and the future of the global toy circle. With thorough apprehension of global toy industry, he always has a distinct vision for the emerging trend.
